ABOUT PARTNERS

A Rated Carrier

Partners is backed by an “A” Rated Carrier, U.S. Fire (Crum & Forster). Crum & Forster has been in business since 1822 with assets totaling over \$16 billion, so you know you have a trusted resource when it comes to your insurance plan.

Direct Access to Underwriters

Our executive underwriters each have more than 20 years in the business. They’re the experts and the innovators in our industry. They care about their clients and they’re constantly looking for innovative ways to evaluate risk.

World Class Service

We built our business around a simple philosophy: forging strong producer partnerships, offering superior services and solutions, and sharing in our success. The producers we work with are not just valued customers, but true business partners.

Claims Administration

Partners is committed to providing prompt and responsive claims service for your stop loss needs. With our highly experienced claims staff, we deliver excellent and outstanding claims service.

Clinical Risk Management

We identify and monitor cost containment opportunities by working proactively with our preferred partners and consulting with the very best industry experts. Our savings far exceed those normally achieved through contract savings and other utilization techniques.

CLINICAL RISK MANAGEMENT

Partners Cost Containment Solutions provide critical insights for management of high dollar and catastrophic claims. We recognize that the highest quality of care is paramount for the best outcomes. Through early intervention and access to our preferred vendors, we can achieve excellent outcomes and optimal savings that will benefit our employers, TPAs and carriers.

Our Solutions- Identify cost containment opportunities for involvement of specialty networks and vendors. Partners will manage and achieve optimal savings by:

- Conducting bill review and audits
- Providing Plan Document review
- Providing care oversight and determining if care meets the Summary Plan Document
- Leveraging current preferred contracts and negotiate rates
- Utilizing specialty prescription contracts for purchasing power and home infusion services

Transplants- Optimal savings can be derived from transplant contracts that covers the entire transplant process. This includes:

- The pre-transplant and transplant evaluation period
- The transplant event and the post-transplant period

We partner with national networks to provide transplant contracts with the best overall rates for our groups.

Neonate and Pre-Term Infants- Newborn and pre-term infants born with complex conditions often require extended hospitalizations and utilize high acuity care/treatments that will result in millions of dollars of care. Partners can help manage the high dollar claims by leveraging our vendors who are experienced in the following services:

- Bill Review
- Audits to identify level of care issues
- Unproven or experimental treatment
- Bill negotiations
- Providing continuous care plan oversight
- Monitoring length of stay

High Dollar Medical and Prescription Claims- We engage with our preferred vendors to achieve optimal savings for the following types of high dollar claims:

- Ventricular Assist Device (VAD)
- High dollar prescription and infusion
- Extended hospitalization
- Dialysis
- Chemotherapy
- Implants
